

2018 ROAD OVERLAYS - CONTRACT 3

DESCRIPTION

Thirteen County roads, with a total length of approximately 2.76 miles, are included in this year's third contract for annual pavement management improvements.

This contract's scope of work will include a variety of hot mix asphalt paving techniques to properly address the condition of each roadway, any necessary shoulder stabilization and driveway tie-in improvements, and minor drainage upgrades.

Maintaining the County roadway system with a strong pavement management program reduces or eliminates the need for much more costly road reconstruction projects.

Once construction work begins, traffic will be maintained through the active work zones with flagging operations. The overall construction work for this contract is expected to take approximately three months to complete, however, the work on each individual road should not take more than one to three weeks to complete. Weekly press releases will identify the roadwork planned for the upcoming The press releases will appear on the County's website under County News.

The roads included in this project are:

Amalfi Court	Northview Drive
Cape Hill Court	Pelham Court
Elizabeth Drive	St. Georges Court
Kempfield Drive	Susanann Drive
Laverne Court	Tylers Court
Lemans Court	Woodland Circle
Mar-Sue Drive	

UPDATES

August 22, 2018:

The project was advertised for construction bids in June 2018. Bids were opened on July 11, 2018. After review, Public Works recommended award to the lowest responsive bidder. The Board concurred with the recommendation on July 18, 2018.

Contract award is complete. The work schedule will be submitted shortly.

Weekly press releases will highlight the upcoming work. The press releases can be viewed on the County [website](#).
