

Roberts Mill

Location

The Roberts Mill project is located off of O'Brien Street in Westminster, MD in the Double Pipe Creek watershed.

Description

The project will provide stormwater management to a 300 acre drainage area, 83 acres of which are impervious. The goal is to provide up to 2.5 inches of water quality over the impervious area through the construction of a retention pond.

Project Engineer

CLSI

Contractor

TBD

Project Budget

Engineering—\$140,225

Project Timeline

Final plans have been approved, and the project will go out to construction bid in the spring.

Updates

The BRM was awarded a \$75,000 engineering grant by the Maryland Department of the Environment (MDE). The BRM was awarded \$1,000,000 by the Department of Natural Resources for construction of this project.
