Mission: The mission of the Agricultural/Conservation text work group is to review the research prepared by the Carroll County Department of Planning staff and how it relates to the Zoning Code (chapter 158) and Subdivision Code (chapter 155) of the Carroll County Code of Laws and Ordinances, to identify challenges, discuss emerging trends and find opportunities in Agricultural/Conservation land uses as they relate to Carroll County and to make recommendations to the Planning and Zoning Commission regarding changes to the county code.
