

Department of Public Works

Bureau of Building Construction

Washington Road Sidewalk

DESCRIPTION

This project includes the installation of approximately 2,000 linear feet of ADA compliant concrete sidewalk extending from Washington Lane to Kate Wagner Road. This will include approximately three new ADA Ramps, replacement of one ADA ramp, installation of two crosswalks (across the driveway entrance to Westminster High School and across Kate Wagner Road and one COG/COS open back inlet for positive drainage. The project is being funded by the Safe Routes to School Program under the Federal Highway Administration administered by the State Highway Administration of Maryland Department of Transportation for the purpose of providing funding to help communities make it safer for students to walk and bike to school.
