Health Department Seeks Help to Find Dog

Hampstead, MD (August 17, 2018) – The Carroll County Health Department is asking area residents for help in finding a dog that bit a person on Wednesday, August 15th around 1:00 PM on Allview Drive in Hampstead.

The dog was described as having a small to medium build, light brown, medium-length fur and a straight, short tail. It was wearing a blue collar with tags. According to the Health Department, it is likely that the victim of the attack will be treated with a series of post-exposure rabies shots if the dog has not been found and verified to be in good health by the morning of August the 24th.

If you have any information that may help locate this dog or its owner, please contact the Carroll County Health Department at (410) 876-1884 or the Carroll County Humane Society at (410) 848-4810.

The Carroll County Health Department's website can be found at <http://cchd.maryland.gov> and you can follow them on Facebook.
