Health Department Asks for Help Finding Dog

Westminster, MD (February 28, 2017) - The Carroll County Health Department is asking area residents for help in finding a dog that bit a person on Monday, February 27, between 5:30 PM and 6:00 PM near the Kellogg's Snacks building at 2002 Bethel Road in Finksburg. The dog was described as having a medium to large build, floppy ears, with a short brown and tan coat. According to the Health Department, it is likely that the victim of the attack will be treated with a series of post-exposure rabies shots if the dog has not been found and verified to be in good health by the morning of March 9.

If you have any information that may help locate this dog or its owner, please contact the Carroll County Health Department at (410) 876-1884 or the Carroll County Humane Society at (410) 848-4810.

The Carroll County Health Department's website can be found at <http://cchd.maryland.gov>
