

FY27-32 Preliminary
Recommended CIP and
FY27 Bond Authorization

January 15, 2026

Preliminary Recommended FY27-32 Community Investment Plan (CIP)

What is the Preliminary Recommended CIP?

- A first look
- Fiscally feasible
- Consistent with Commissioner goals
- A continuation of existing plans
- A starting point for Commissioner discussion and decisions

What the Preliminary Recommended CIP is NOT

- The final CIP
- The end of analysis
- A commitment to project funding, timing or revenue mix

Three Big Ideas

- The CIP is largely dedicated to maintenance of existing infrastructure
- We must be very careful about adding projects that increase ongoing costs.
- If we want to decrease capital spending, there aren't a lot of options.

Bond Authorization

Developing the Bond Authorization Request

- The Capital Budget drives the bond authorization request.
- Difficult timing:
 - Interdependence of the Capital Budget and the authorization request
 - General Assembly schedule
 - Our budget schedule

Definitions

- Appropriated – revenues and expenditures adopted in a budget
- Authorized – potential bonding that has been approved by the General Assembly
- Issued – actual bond sales
- Planned – revenues and expenditures included in the CIP, but not yet appropriated

FY27

Authorization Request

- The Preliminary Recommended CIP has \$27.0 million of new bond authorization.
- Other considerations:
 - Changes during the budget process
 - Changes in estimated project costs
 - Bonds for fire companies

FY27

Authorization Request

- FY27 Preliminary Recommended new bond appropriation is \$27.0M
- Recommendation – \$27.0M
- Bond authorization is enabling.
- Bond authorization does not obligate the County to spend money or issue bonds.

The Rest of the Process

- March – Overview and Recommended Budget
- March – Commissioner/Agency Hearings
- April – End of General Assembly Session
- April – Proposed Budget
- May – Public Hearing on the Budget
- May – Budget Adoption
