## Mission and Goals

The Union Mills Homestead Foundation strives to maintain and preserve the Homestead Buildings and gristmill as a living, working, historical landmark for future generations.

### Goals include:

- Continued preservation and restoration of the historic site, buildings and original furnishings.
- Operation of the historic site as a museum of early American and Carroll County heritage.
- Genuine and authentic education and historic interpretation of the site in keeping with its distinctive character and atmosphere.

## Description

In 1797, David and Andrew Shriver purchased the tract of land along Big Pipe Creek for the purpose of operating a gristmill and sawmill. The brothers later added a tannery, cooper shop and blacksmith's shop. The growing enterprise soon took the name "Union Mills" because of the partnership between the two brothers and their various businesses. The mill operated commercially until 1942. It was closed for restoration in the early 1980's and then re-opened in 1983. In addition to the mill and outbuildings, the original "double house" of the two Shriver brothers can be visited today. The facility, located on Littlestown Pike in Union Mills, is owned by Carroll County and operated by the Union Mills Homestead Foundation, a non-profit organization.

Many special events draw visitors to the Homestead. The annual Flower and Plant Market in May, the Corn Roast Festival in August and the Microbrewery Festival in September are three of the premiere events at the Homestead. The Homestead draws approximately 15,000 visitors annually.

In addition to the direct contribution of \$20,000, the County provides the Union Mills Homestead Foundation with in-kind services through the Bureau of Facilities, and a capital project for ongoing renovation to maintain the Homestead Buildings. In FY 16, the Bureau of Facilities budget includes \$29,700 for Union Mills and the capital project funding is \$60,000.
