

Overview of Recreation and Culture CIP

The Recreation and Parks portion of FY 20 – 25 provides facilities for passive (natural park areas) and active (ballfields) recreational opportunities. The primary sources of funding for recreation projects are Impact Fees and Program Open Space (POS). Impact Fees are charged to developers of new homes in Carroll County to partially offset the cost of providing recreation facilities to serve those new homes. POS funding is provided as a portion of the State Real Estate Transfer Tax for the acquisition and development of park facilities. Projects include Recreation and Parks, and the Union Mills Homestead.

Funding is provided in FY 20 – 25 for the replacement of: three tot lots; roof replacement at Bear Branch Nature Center; paving at Hashawha, Piney Run, Old Liberty Road, and Krimgold Parks; and pavilion replacements at Piney Run Park and Bear Branch Nature Center. These projects maintain County infrastructure and are funded primarily through the use of Program Open Space dollars.

Included in FY 20 – 23 are lighting replacements, installation of new lighting on three fields, and a roof replacement at Carroll County Sports Complex.

Other projects include a boat ramp at Double Pipe Creek Park, trails at Krimgold Park, Leister Park and the Northwest Trail, and historical restoration of Union Mills Homestead waterwheel and flume.

25% of annual Program Open Space funding is required by the State to be used for Land Acquisition.

The FY 20 – 25 CIP continues to fund Self-Help projects. These projects are cooperative ventures between local community groups and the County, and enable the County's Recreation Councils to identify projects to enhance park facilities countywide.

For additional information on Recreation and Culture projects, please refer to the individual project pages.

This project provides ongoing funding to the eight towns within the County for five percent of their Program Open Space (POS) projects. Every year since the early 1970s, the State has made POS funds available to the towns for development of municipal parks. Up to 90 percent of the cost of the municipal projects may be reimbursed through POS funding. The County contribution shown below is to cover five percent of the approved municipal projects. The remaining five percent, as well as any cost overruns, are the responsibility of the towns.
