Subject: Med Vault Update Schedule

Date: February 22, 2024

Authority: Michael Stoner, Assistant Chief

Knox Med Vault has recently pushed out an update that will require all Med Vaults to be reprogrammed and updated to the latest software version. In addition, we have several clinicians that need to be added and removed from the system. Due to the number of Med Vaults that need reprogramming, we have centralized a location that will minimize operational impact and complete the upgrade. Each station will send one unit at a time for the reprogramming. EMS Chase Cars and Shift Commanders will relocate to provide coverage as needed. Please see the following schedule for the reprogramming.

February 28, 2024

Battalion 3 at Winfield

07:00 - 09:00 Units from Winfield, Sykesville, Gamber, and Mount Airy
