Subject: DFEMS staffing of field operations/Personnel assignments

Date: June 7, 2023

Authority: Chief, Michael W. Robinson/*MWR*

Following several years of planning, the Carroll County Department of Fire & EMS (DFEMS) will initiate 24/7 staffing and begin field operations as of 1700 hrs. on Thursday, June 8, 2023. This is an ongoing and cooperative effort between the volunteer fire companies of Carroll County and the Department of Fire & EMS. Assigned personnel are employees of DFEMS and will adhere to the SOPs of the DFEMS as well as localized VFC policies and procedures as applicable. Supervision will be consistent to the established operational chain of command of the DFEMS which includes volunteer officers. There is an expectation of mutual respect and cooperation at all times. Our goal is to assure consistent delivery of quality emergency services in a timely and efficient manner.
