### *RE: Preliminary Recommendation on the FY 24 – 29 CIP*

This memo is your introduction to the FY 24 - 29 Community Investment Program (CIP) and the Preliminary Recommended CIP. First, I would like to briefly review the CIP process timeline.

September	CIP requests received by the Department of Management and Budget (DMB)
Mid – January	DMB Preliminary Recommended Budget forwarded to the Planning Commission and the Board of County Commissioners
February	Planning Commission confirms consistency with the Master Plan
March	DMB Recommended Budget to the Commissioners
March/April	Commissioner/Agency meetings on the Budget
April	Commissioners develop their Proposed Budget
Early May	Public Hearing on the Proposed Budget
Late May	Budget Adoption

What is the Preliminary Recommended CIP?

- A first look at the next CIP.
- *A CIP that reflects the goals of the Commissioners.*
- A CIP that generally continues the currently adopted CIP.
- The starting point for discussion with the Commissioners.

What the Preliminary Recommended CIP is not.

- The final version of the CIP.
- The end of analysis on individual projects.
- A commitment of dollars, timing or revenue mix.

### Summary

Much of the Preliminary Recommendation closely resembles the FY 23 - 28 Adopted CIP. This is not an accident. The starting point each year is the current plan. We can never predict with 100% accuracy the services and facilities that will be needed over a six-year period and we expect previously unidentified projects to be added to the CIP, but it is critical that the plan retains its basic stability. Local revenue growth has been a challenge for more than a decade and our focus has been on maintaining existing infrastructure while adding few new construction projects to the plan.

### Public Schools

The Public School construction portion of the Preliminary Recommended CIP is supported and constrained by two sources of revenue: Dedicated Local Income Tax and State funding. The plan includes funding for infrastructure maintenance and new construction.

- New Construction Funding is included for a renovation and an addition to the Career and Technology Center and a replacement East Middle School.
- *HVAC System Replacements– Funding is included for HVAC system replacements at Carroll Springs School, Carrolltowne Elementary, Mount Airy Elementary, and Northwest Middle.*
- Roof Replacements Funding is included for roof replacement at Spring Garden Elementary.

### Conservation and Open Space

*This portion of the Preliminary Recommended CIP includes Water Resources and Agricultural Land Preservation.* 

- Water Resources Funding is included for the reconstruction and structural maintenance of existing stormwater management ponds, and remediation efforts to stay in compliance with our NPDES permit.
- Agricultural Land Preservation Funding is included to continue efforts to permanently preserve farmland through easements. The county has preserved more than 77,000 acres of the County's 100,000-acre goal.

### Public Works

*The Public Works portion of the Preliminary Recommended CIP includes Roads and Bridges.* 

• Pavement Management – Funding is included for the maintenance and rehabilitation of county roads. Repair strategies include patching, overlay, mill and overlay, full–depth reclamation, and reconstruction. Drainage structures and guardrails will be replaced or added where necessary and ADA improvements to existing facilities will be made as needed.

- Funding is included for video inspection and replacement or rehabilitation of existing storm drains.
- Two road extensions/connections are included: Georgetown Boulevard and Monroe Avenue.
- Funding is included for the replacement of twelve bridge structures.

## Recreation and Culture

This portion of the Preliminary Recommended CIP provides for cultural facilities and for passive (e.g., natural park areas) and active (e.g., ballfields) recreational areas. Recreation projects are funded primarily with Impact Fees and Program Open Space (POS) grants. Recreation and Culture projects include Recreation and Parks and the Union Mills Homestead.

• Recreation and Parks – Funding is included for improvements to Cape Horn Park, Sandymount Park, Sports Complex, and Piney Run Park. Construction funding is included for the Northwest Trail, Northwest Regional Park, and Gillis Falls Trail. Design funding is included for the Union Mills Recreation Area. Outdoor basketball courts are included for Krimgold and Leister Parks.

## General Government

This portion of the Preliminary Recommended CIP contains projects that do not fall into one of the other five categories: Recreation and Culture, Public Works, Public Schools, Conservation and Open Space, and Enterprise Funds. General Government projects are typically related to: Board of Elections, Carroll Community College, Carroll County Public Library, Public Safety, Senior Centers, Sheriff's Office, State's Attorney, Technology Services, and other County facilities.

• County Facilities – Funding is included for the construction of a headquarters for the Sheriff's Office in Westminster and the rehabilitation of Piney Run dam.

I hope this is helpful as you prepare for your review. I will be available to offer further information and clarification as necessary.

# **Overview of Public Schools CIP**

The Public Schools Community Investment Plan (CIP) includes school construction, such as additions and modernizations, as well as other school-related projects. School construction is funded primarily by dedicated Local Income Tax revenue, State funding, and Impact Fees.

Developing the school construction plan is a complex process involving the Board of Education's plans, priorities and requests, enrollment projections, redistricting plans, and projected development.

Funding is included to address the Carroll County Career and Technology Center through a twophased project. The first phase includes planning and construction of a 21,000 square foot addition to the existing Career and Technology Center. The second phase renovates the existing building to better accommodate programs.

The final phase of funding for a replacement East Middle School is included.

Even with the \$311.2M included in the plan, all project requests could not be funded. In recent years, the Board of Education has identified several needs that have no existing or planned funding. Unfunded projects include:

- William Winchester Elementary Modernization
- Robert Moton Elementary BEST Program Addition
- Cranberry Station Elementary Kindergarten and Prekindergarten Addition
- Friendship Valley Elementary Kindergarten, Prekindergarten and PRIDE Addition
- Sandymount Elementary Kindergarten and Prekindergarten Addition
- Taneytown Elementary Kindergarten and Prekindergarten Addition

Following this overview are copies of the Board of Education's FY 24 State Capital Improvement Plan Budget Request/FY 2025 – 2029 Capital Improvement Program Plan. For additional information on Public School projects, please refer to the individual project pages.

## Transfer to Operating Budget for BOE Debt Service

Taylor Hockensmith, Management and Budget Project Coordinator (410) 386-2082

A percentage of the Local Income Tax revenue is dedicated to school construction and appropriated directly into the Capital Fund. This project is for the portion of these dedicated funds transferred to the General Fund to pay debt service related to school construction projects. Because dedicated Local Income Tax is budgeted in the Capital Fund and then transferred to the General Fund, the funding is counted twice in the All Funds Budget.

# CONSERVATION AND OPEN SPACE

### **Overview of Conservation and Open Space CIP**

The FY 24 – 29 Conservation and Open Space CIP consists of funding for land preservation and water resources. Approximately \$40.1M is included for the Agricultural Land Preservation Program in both the Capital and Operating budgets and is funded with a combination of dedicated Property Tax revenue, bonds, Agricultural Transfer Tax revenue, and State participation. Property Tax funding is included to allow for the acquisition of easements through Installment Purchase Agreements and for the payment of interest to landowners.

The FY 24 – 29 CIP continues funding to maintain the County's permit associated with the Federal National Pollutant Discharge Elimination System (NPDES) program. The 2005 – 2010 permit required a total of 10 percent of the County's impervious surface be remediated. The County and the eight municipalities entered into a memorandum of agreement combining the municipalities and County into one permit. The joint permit, issued for 2015 – 2020, required an additional 20 percent remediation of impervious surface, and was linked to the Watershed Implementation Plan of the Chesapeake Bay Total Maximum Daily Load (TMDL). The Chesapeake Bay TMDL sets limits on allowable pollutants in bodies of water. The requirements for the Chesapeake Bay TMDLs are currently unknown and may require additional funding above and beyond planned levels. The County has applied for a new 5-year permit and is waiting for approval. In the interim, the current permit has been administratively extended.

To remain compliant with the NPDES permit, the Stormwater Facility Restoration project was established to keep stormwater management facilities working properly.

For additional information on these or other Conservation and Open Space projects, please refer to the individual project pages.

#### **Agricultural Land Preservation**

#### Lydia K. Rogers, Management and Budget Analyst (410) 386-2082

This project provides ongoing funding for the Carroll County Agricultural Land Preservation program. The program provides an opportunity for landowners to make long-term commitment to agriculture as a viable industry and preserve the rural character of Carroll County.

The County offers two payment options to the landowners: Installment Purchase Agreement (IPA) or Lump Sum. The IPA option pays the landowner for easement over a 20-year period. The Lump Sum option pays for the easement at the time of settlement. The Maryland Agricultural Land Preservation Foundation (MALPF), a lump-sum payment program, is jointly funded by the State of Maryland and Carroll County.

A portion of Property Tax revenue is dedicated to the Agricultural Land Preservation program, to be appropriated in the Capital Fund for easement purchases, and in the General Fund for interest payments to landowners in the Debt Service-Agricultural Preservation budget. The Capital Fund portion is capped at \$2.5M ongoing.

Operating impacts include debt service payments.

### **Stormwater Facility Renovation**

#### Lydia K. Rogers, Management and Budget Analyst (410) 386-2082

This project provides ongoing funding to keep existing County-owned stormwater management facilities in working condition and in compliance with the National Pollution Discharge Elimination System (NPDES) Permit. Six to eight facilities per year, over a 30-year period, will be evaluated. Funding will be used for repairs and to replace pipes and filter media.

#### Watershed Assessment and Improvement (NPDES)

Lydia K. Rogers, Management and Budget Analyst (410) 386-2082

IMPACTS

This project provides ongoing funding to comply with the Federal Clean Water Act. The Act requires the County to secure a permit under the National Pollutant Discharge Elimination System (NPDES) for storm sewer systems. The permit requires the county to map and assess the condition of the storm sewer systems and of the watersheds that discharge into them. The County and the eight municipalities have entered into a memorandum of agreement (MOA) to obtain a joint five-year NPDES permit to address stormwater issues. Under the joint permit issued in FY 16, the County and municipalities are required to mitigate impervious surface runoff. As part of the MOA, the County manages the construction of the mitigation projects on behalf of the municipalities. The municipalities provide funding of the County equivalent to 20% of the construction cost of municipal impervious acres.

The current permit expired in FY 20, but has been administratively extended. A new permit is expected to be issued later this year.

Because dedicated Property Tax is budgeted in the Special Revenue Fund and then transferred to the Capital Fund, the funding is counted twice in the All Funds Budget.

### **Overview of Public Works CIP**

The Public Works CIP includes two sections: Roads and Bridges.

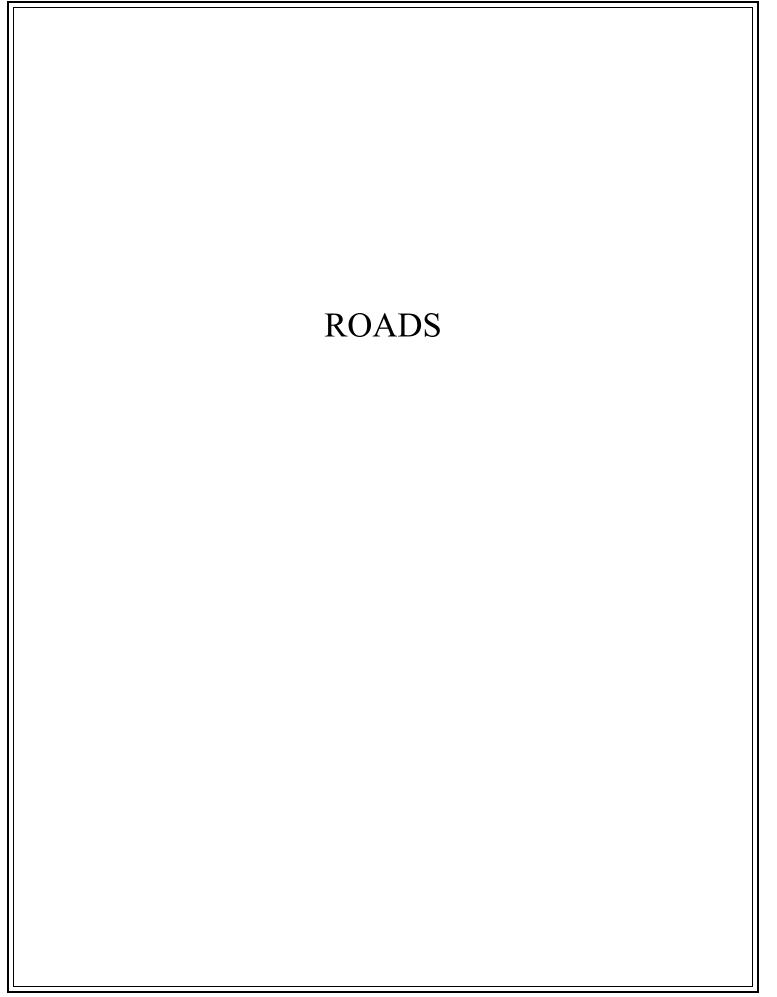

Approximately \$119.4M is included in the CIP to maintain and rehabilitate 900 miles of roads throughout the County. Approximately thirty-five percent of the County's road network is considered mainline or arterial roads. These roads carry a higher traffic volume. Sixty-five percent are lower volume roadways, including neighborhood roads. Typical repair strategies include sealing, overlay, mill and overlay, full-depth reclamation, and reconstruction.

Ongoing funding is included for inspection of storm drains. Video inspections will assess the condition of the storm drain system and rehabilitation funding is included for pipe lining and replacement of storm drains and small drainage structures.

Two road extensions are included: Georgetown Boulevard and Monroe Avenue. Georgetown Boulevard will be extended to Progress Way and Monroe Avenue will be extended.

Funding is included for the replacement of twelve bridge structures.

For additional information on these or other Public Works projects, please refer to the individual project pages.

### **Pavement Management Program**

#### Ryan Nowicki, Management and Budget Analyst (410) 386-2082

This project provides ongoing funding for the maintenance, repair, or rehabilitation of the County's 900 miles paved roads. Collected road condition information is used in a pavement management software program to recommend cost-effective repairs. Repair strategies include: patching, overlay, mill and overlay, full depth reclamation, and reconstruction. Drainage structures and traffic barriers are inspected, repaired, replaced, or added where necessary, and sidewalk accessibility will also be evaluated and included if upgrades are due.

Maintaining a road network in satisfactory condition is one of the goals of the Department of Public Works. While addressing roads near failure is important, maintaining roads in fair and satisfactory condition is important as well. It is cost effective to address roads while the amount of repairs is minimal and this balanced approach keeps the network in satisfactory condition.

## **Pavement Preservation**

#### Ryan Nowicki, Management and Budget Analyst (410) 386-2082

This project provides ongoing funding to place a maintenance seal coat, such as microsurface, on paved roads. Pavement preservation is applied to roads still in good condition, before the onset of serious damage. Annual funding addresses approximately 30 - 40 miles.

This project list will be generated in the spring in preparation for the summer construction season.

## **Small Drainage Structures**

Ryan Nowicki, Management and Budget Analyst (410) 386-2082

This project provides ongoing funding to rehabilitate or replace deteriorated drainage structures including culvert headwalls and ancillary drainage features.

The Department of Public Works continues to incorporate all pipe culverts and drainage structures into Geographic Information Systems (GIS). Once the locations are identified and mapped, field condition assessments can be made to help determine the most-effective approach to replacing and repairing these structures.

#### **Storm Drain Rehabilitation**

#### Ryan Nowicki, Management and Budget Analyst (410) 386-2082

This project provides ongoing funding to maintain the storm drain system through rehabilitation and replacement. The County maintains about 180 miles (or 950,000 feet) of storm drain infrastructure, primarily located in neighborhoods where curbing, inlets, and manholes exist. Many of these systems were constructed with corrugated metal pipe, which has a life span of 30 - 50 years.

From 2018 to 2021, over 9,600 linear feet of storm drain pipes were rehabilitated.

# **Bridge Inspection and Inventory**

Ryan Nowicki, Management and Budget Analyst (410) 386-2082

This project provides ongoing funding for the inspection of 20 minor structures that do not qualify for use of Federal funds. Small structures are inspected every four years in the same manner as the 136 major County-maintained structures. This project includes hands-on field inspections of all 20 structures, as well as completion and submission of inspection reports, which summarize findings. Report recommendations are used to evaluate repairs and structure replacements.

# RECREATION AND CULTURE

## **Overview of Recreation and Culture CIP**

The Recreation and Parks portion of the FY 24 - 29 CIP provides facilities for passive (natural park areas) and active (ballfields) recreational opportunities. The primary sources of funding for recreation projects are Impact Fees and Program Open Space (POS) funding. Impact Fees are charged to developers of new homes in Carroll County to partially offset the cost of providing recreation facilities to serve those new homes. POS funding is provided as a portion of the State Real Estate Transfer Tax for the acquisition and development of park facilities. Projects include Recreation and Parks, and the Union Mills Homestead. These projects maintain County infrastructure and are funded primarily using Program Open Space dollars.

Funding is provided for the first phase of construction for property on Route 194 near Taneytown. A paving project is included for Piney Run Park and a new waterless restroom is planned at Hashawha Environmental Center. Funding is also included for new field lights at Cape Horn Park.

Other projects include four tot lot replacements, two replacement pavilions, Sports Complex dugout improvements and the addition of two outdoor basketball courts at Krimgold and Leister Parks.

The development of two trails is planned: north of Taneytown and near Salt Box Park.

Funding continues for Self-Help projects. These projects are cooperative ventures between local community groups and the County and enable the County's Recreation Councils to identify projects to enhance park facilities countywide.

For additional information on Recreation and Parks projects, please refer to the individual project pages.

# ENTERPRISE FUNDS

## **Overview of Enterprise Funds CIP**

Enterprise Funds are used to account for operations that are funded and operated in a manner similar to private businesses. Carroll County has six enterprise funds: Carroll County Regional Airport, Fiber Network, Hap Baker Firearms Facility, Septage, Solid Waste, and Utilities (Water and Sewer). There are no projects for the Firearms Facility, Septage, and Solid Waste.

#### Airport

Funding is included for grounds and maintenance equipment at the Carroll County Regional Airport.

#### Fiber Network

The Fiber Network CIP includes funding for Carroll County Public Network (CCPN) equipment replacement.

#### **Utilities**

The Bureau of Utilities operates Freedom Sewer, Freedom Water, Hampstead Sewer, and several small water and sewer systems. Projects can generally be divided into those intended to improve the existing system, such as rehabilitation projects to reduce inflow and infiltration, and those intended to provide for increased demand. Included is funding for rehabilitation and/or replacement of sewer and water lines, valves, tanks, and meters. Funding is included for the rehabilitation of a wastewater treatment plant and three pump station projects.

For additional information on these or other Enterprise Fund projects, please refer to the individual project pages.
